VEHICLE DESCRIPTION

Built for the job: 2026 Western Star 49X This new Class 8 day cab truck is engineered for heavy-duty performance and reliability. It is powered by a 15-liter Detroit DD15 diesel engine delivering 505 HP, paired with an Detroit DT12 12-speed automated transmission. The chassis features a 218-inch wheelbase, tandem rear axles with full lockers, and air ride suspension for improved stability and comfort. Additional specifications include aluminum wheels, a sliding 5th wheel, and left-hand drive configuration. With a front axle weight of 14,700 pounds and a rear axle weight of 46,000 pounds, this white Western Star is equipped to handle demanding hauls. This vehicle is currently available with only 577 miles on the odometer.

Pricing & Specs shown are as of 07/02/2026 and are subject to change.
