VEHICLE DESCRIPTION

2018 Kenworth T880 | Tri-Axle Dump | Low Miles and Engine Hours | Extended Warranty Available One Owner, Local Trade-In Powered by a Cummins X15 turning out 500 horsepower and paired with an Eaton Fuller 8LL manual transmission, this T880 is built to handle heavy tri-axle loads day in and day out. Riding on a 4.10 rear axle ratio, Chalmers suspension, and a 218" wheelbase, it's set up to move aggregate and dirt efficiently without sacrificing driveline durability. One owner and a local trade-in — this truck has been managed right from day one. It's double-framed for extra strength under heavy loads, carries a 150-gallon fuel capacity, and rides on fresh, virgin 11R24.5 drive tires. The 16 ft, 21-yard Ox Body dump bed comes with a high lift tailgate for tough unloading jobs, and a pintle hitch with air and electrical already plumbed to the rear means it's ready to pull a pup trailer without the extra labor. □ 2018 Kenworth T880 □ Gray □ Cummins X15 @ 500 HP □ Eaton Fuller 8LL Manual Transmission □ 4.10 Rear Axle Ratio □ 218" Wheelbase □ Chalmers Suspension □ Double Framed □ 20,000 lb Steer / 20,000 lb Drop Axle / 46,000 lb Rears □ 150-Gallon Fuel Capacity □ Fresh, Virgin 11R24.5 Drive Tires □ 16 ft, 21-Yard Ox Body Dump Bed w/ High Lift Tailgate □ Pintle Hitch, Air & Electrical Plumbed to Rear □ One Owner, Local Trade-In □ Fresh PM Service & Current DOT Inspection □ Professionally Detailed □ Extended Warranty Available Financing available for qualified buyers — call today.
