Why Buy this 2026 FREIGHTLINER CASCADIA 126 Truck?

Experience peak efficiency with this new 2026 Freightliner Cascadia 126. This powerhouse features a 14.8L Detroit DD15 diesel engine delivering 475 HP, paired seamlessly with a Detroit DT12 12-speed automated transmission and overdrive. Designed for long-haul comfort, it boasts a 72-inch mid-roof sleeper with a single bed, cloth upholstery, and full A/C. The 6x4 drive configuration includes a 3.08 ratio, air ride suspension, and disc brakes for superior handling. Practical additions like a sliding 5th wheel, wet kit, inverter, and an electric APU ensure versatility on every route. Safety is prioritized with a built-in collision mitigation system and headache rack. Finished in white with all-aluminum wheels and Continental 11R22.5 tires, this Class 8 truck is ready to hit the road with an 80,000 lb GVW.
